## **Child & Adolescent Psychopharmacology 2026**

Friday-Sunday • March 27-29, 2026

Boston, MA

### **WELCOME**

On behalf of the entire Massachusetts General Hospital Department of Psychiatry, we are proud to welcome you to our conference on Child and Adolescent Psychopharmacology.

Our goal during this conference is to help you provide the best possible care to young patients who suffer from mental health conditions. Our faculty provide a complete update across research developments, assessment tools, barriers to care, and treatment strategies. The agenda is organized into topic-specific modules that include short lectures and Q&A panels. The panels provide the opportunity to ask questions about the content and easily translate evidence into clinical practice.

You have our full attention over the next three days and we will do our very best to help you assess, treat and manage your patients using the latest evidence to inform your decisions.

Enjoy the program!

### **COMPLIMENTARY BREAKFAST AND COFFEE BREAKS**

Complimentary breakfast and coffee breaks will be available to course participants. Please note that lunch and dinner will be on your own.

### **TARGET AUDIENCE**

The target audience for this event is psychiatrists, primary care and family practice physicians, pediatricians, psychologists, nursing professionals, pharmacists, social workers, residents, and other mental health, primary care and pediatric clinicians.

### **EVALUATION FORMS/CME/CEU CERTIFICATES**

Every participant needs to complete the activity evaluation online to claim CME/CEU credits for this course. Please refer to the **Evaluation and CME Information** document in this syllabus for more information. We strongly encourage you to complete the evaluation, even if you do not require a certificate. Your comments are important to us as we plan future programs. **The link to claim credit is as follows:**

## DISCLOSURE INFORMATION

In accord with the disclosure policy of MGH Institute of Health Professions as well as guidelines set forth by the Accreditation Council on Continuing Medical Education, all people in control of educational content, including speakers, course directors, planners, and reviewers, have been asked to disclose all financial relationships with ineligible companies for the past 24 months, as defined below:

### Ineligible Companies

The ACCME defines an “Ineligible company” as “those whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.” For more information, visit [accme.org/standards](http://accme.org/standards)

### Financial relationships

Financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (e.g., stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received, or expected.

### Mitigation of Financial Relationships

All financial relationships are reviewed to determine which ones are relevant, and then measures are taken to mitigate all relevant financial relationships and ensure that they do not insert commercial bias into the content of the education.

The following planners, speakers, content reviewers, and others in control of educational content have reported financial relationships with ineligible companies over the past 24 months. Measures have been taken to mitigate the impact of these financial relationships on the educational content and ensure that they do not insert commercial bias into the content of this education.
